Research Scientist Recruitment (PhD and Postdoc positions): Hangzhou, China

For research requirements, Professor Jinbo Shen is recruiting domestic and international postdoctoral fellows and doctoral students. Talents from all over the world are welcome to join us!

Dr Shen’s research is to understand the molecular and cellular regulation of protein/lipid trafficking in organelle compartments in model plant and commodity trees. Dr Shen is a young PI for “Thousand Talents Program for Innovative Talents” of the Zhejiang Province. For more research information please see: https://www.researchgate.net/profile/Jinbo_SHEN

I. Postdoctoral Fellows
(1) Positions available: 2-3 (Chinese/foreigner).
(2) Annual gross salary: RMB 250,000-300,000 (taxable). We will provide a no leasing-fee postdoc apartment. Additional award will depend on research performance in Zhejiang A&F University (ZAFU). Outstanding postdoctoral fellows can be employed by university after finishing the fellowship.
(3) Qualifications:
  ● The position involves research using genetics, cell and molecular biology as well as bioinformatics to unravel the molecular and cellular processes regulating protein/lipid storage and remobilization in plants. Solid experience in plant genetics, molecular cell biology, and/or bioinformatics is required.
  ● Applicants must possess a high-quality research trajectory and a competitive publication track record.
  ● Applicants must hold a doctorate degree before the start of the postdoctoral contract, but not necessarily when applying.
  ● Obey Chinese laws and regulations; Be responsible, accountable, open to collaborations and possess excellent communication and coordination skills.

II. Doctoral Students
(1) Positions available: 2-4 (Chinese/foreigner).
(2) Qualifications:
  ● Chinese applicants can refer to ZAFU’s 2018 Recruitment Guide for Full-time Doctoral Students.
  ● Foreign students must meet ZAFU’s eligibility requirements for foreign doctoral students. Please refer to the university’s recruitment guide for doctoral students.

Application Procedures
Applicants should email to Dr. Jinbo Shen (E-mail: jinbo_shen@163.com) with specific documents attached: (1) CV with full publication list, (2) statement of scientific interests and motivation for applying to this position, (3) description of research experience and other activities of relevance for the position, as well as (4) contact information of at least two referees.

**Location**
State Key Laboratory of Subtropical Silviculture, Zhejiang A&F University (ZAFU), Hangzhou city, Zhejiang Province, China.
