Dear all,

Research Faculty of Agriculture, Hokkaido University invites applications for the position of one tenure-track Assistant Professor.

(Summary)
1. Position: Assistant Professor
2. Affiliation: Laboratory of Molecular Biology, Research Group of Applied Bioscience, Research Faculty of Agriculture, Hokkaido University, Sapporo, Japan
3. Subjects to be taught: Lectures, Laboratory Works, Seminars, and Thesis Studies in the Graduate School of Agriculture and School of Agriculture
4. Qualifications:
   (1) The applicant must have a doctoral degree.
   (2) The applicant must be female (in accordance with the Article 8 of the Equal Opportunity Employment Law).
   (3) The applicant must have exceptional accomplishments in research related to mechanisms of expression of cellular functions using model plants like Arabidopsis thaliana as a material, particularly post-transcriptional control mechanisms, using molecular biology, biochemistry, genetics, or cell biology, with the ability to develop one’s own internationally recognized research in related fields. The applicant must have a strong fervor for providing education and research guidance to graduate and undergraduate students, and be able to provide said education and guidance in both Japanese and English.
   (4) The applicant must have the ability to give Lectures, Laboratory Works, Seminars, and Thesis Studies that the Laboratory of Molecular Biology provides.
6. Application deadline: July 15, 2016 (Japan time; the deadline must be strictly observed)
