Tenure Track Position in Plant Biotechnology

The Department of Chemistry, Biochemistry and Physics, Université du Québec à Trois-Rivières (UQTR), invites applications from qualified individuals for a tenure-track position in Plant Biotechnology, subject to approval by the relevant authorities.

Starting date: December 1, 2018, or as agreed upon with the University.

Requirements:
- A PhD in Biochemistry, Molecular Biology, Plant Biology, Biotechnology, Microbiology, or a related discipline. Expertise specifically in the area of molecular biology, cellular biology, biotechnology, systems biology, synthetic biology or bioinformatics involving plant cells, microalgae or other microorganisms, as it relates to the study of plant processes. Postdoctoral experience.

Experience:
- Must possess an excellent record of publications and research in the field of biotechnology, molecular biology, plant biology or biochemistry, specifically aligned with the research foci of the Department, namely: plant biology, biotechnology, or biochemistry as it applies to plants or microalgae. The ability to develop an independent research program. Teaching experience would be an asset.

Other:
- The successful applicant must be able to teach Biochemistry courses in French. University teaching experience would be an asset. He or she must be open to working collaboratively with other researchers from various environments (university, college, industrial or other). The primary selection criteria will be the research record, as well as excellence and creativity around the proposed research program.

Note: Knowledge of French is required for this position.

Duties:
The successful candidate will be engaged in teaching, research, and service to the community, and will provide pedagogical direction.

All qualified individuals are invited to apply; however, priority will be given to Canadian citizens and permanent residents.

Other information/How to apply:
For a full job description (in French) and application details, please visit our website at www.uqtr.ca/postesofferts

Closing date: Only those applications received by 5 p.m., March 2, 2018, will be considered.

About us:
UQTR (Université du Québec à Trois-Rivières) is a young university with a highly personal environment, firmly focused on scientific research. With more than 280 programs of study, including several that are unique to Québec and Canada, UQTR stands out for its dynamic community and the expertise of its faculty.

We are an equal opportunity employer and encourage applications from women, members of visible and ethnic minorities, Aboriginal people and persons with disabilities. Priority will, however, be given to individuals with Canadian citizen or permanent resident status. Accommodation measures may be available to persons with disabilities according to their needs.
