Postdoctoral position, Matzke lab, Institute of Plant and Microbial Biology, Academia Sinica, Taipei, Taiwan

Position: Postdoctoral position, to begin January 1, 2016

Responsibilities: To contribute to a project aimed at identifying and characterizing factors involved in alternative splicing in Arabidopsis thaliana (see Sasaki et al. (2015) 200:523-535)

Requirements: Suitable candidates should be well trained in Arabidopsis genetics/genomics and basic techniques of plant molecular biology. Experience in protein identification/characterization/proteomics is a plus.

Salary: According to regulation

Contact: Marjori Matzke
